Instructions for Preparing the Posters and General Guidelines to Poster Presenters

Poster size- 33*47 inches

• A poster should be prepared in such a way that the delegates are able to quickly read and grasp the idea. Hence, they should be visually appealing and legible.

• Use large fonts and thick lines, include diagrams, tables and figures. The contents should be easily readable from a distance of 1 meter, so that more people can read your

poster at once.

Your poster content should not deviate from the main idea/theme of your published abstract. In the poster contents -

• Ensure that all claims and conclusions are supported by data on the poster or by references.

• Do not include speculative or unsubstantiated comments.

• You should be present at your poster at the dedicated time slots to interact with the delegates as much as possible.

• If you wish, you may bring copies of your poster (on A4 size paper) to be distributed to interested participants.
